

SUNDAE CHRISTIAN

This recipe contains multiple sin ingredients and takes a full six days to prepare before the creation is finished.

Ingredients:

Monday: tell as many dirty jokes as you like
Tuesday: several swear words
Wednesday: slap a spouse's face
Thursday: One instance of preacher bashing
Friday: One long evening drinking to excess
Saturday: One day of gambling at the casino

Directions: Take one mixing bowl of any size or shape and add Monday's ingredient. Let rest over night. Follow these directions for each day of the week until the last one is added on Saturday. On Sunday morning the mixture will have a different texture and consistency that may resemble ice cream. Take the mixture and put it in a fancy dish. Cover it with a large container of whipped hypocrisy cream. Add the final touch by topping with a candied self-righteous cherry. The product is finished when it is taken to church and set it on a pew.

Helpful Hint:

Any sin ingredient may be substituted for those given in this recipe and the product will turn out the same way every time.
